

many. The Lusitania sinking by Germany in February 1915 was justified under international law by the facts. German submarine warfare in the Atlantic was being conducted by Germany in all respects under the provisions of the 1907 Hague Convention for the conduct of submarine warfare.

Christians in the United States were kept in ignorance of that notorious 1916 London Agreement by the tight control exercised by Zionists over media for mass-communication in the United States. In spite of that fact, a sufficient number of authentic documents have come to the attention of the Christian public in the United States recently, establishing the existence of notorious 1916 London Agreement beyond all question of any doubt. That cat is now out of the bag for the first time in the United States. The facts remain a secret no longer.

The Zionist leaders who negotiated the notorious 1916 London Agreement, wrote many accounts confessing their responsibility for railroading the United States into World War I in 1917, as the price Zionists paid for Palestine. Christians in the United States have evidently been too occupied, making money and having fun, to find time to peruse those revealing accounts, which leave nothing to the reader's imagination.

The infamous so-called Balfour Declaration corroborated existence of the notorious 1916 London Agreement, but for many years Zionists hawked around the world their big lie, Great Britain gave the infamous so-called Balfour Declaration as Great Britain's reward to Zionists, for Chaim Weizmann's discovery how to manufacture a better acetone, an important ingredient used in the manufacture of high explosives in World War I. But Zionists discarded that fable as Christians dug up the truth about the notorious 1916 London Agreement, undeniably the reason for the infamous so-called Balfour Declaration.

Based upon their history, Zionists have no basis for asserting a legitimate claim to Palestine as their "ancient homeland," nor for any reason. Eastern European Zionist so-called Jews of Khazar historic ancestry, have neither a historic, nor ethnic nor a spiritual identification with the Holy Land in Bible history, or since Bible history times, to justify Zionist usurpation of eighty percent (80%) of Palestine from Palestine's Christians and Moslems, the lineal descendants of Palestine's indigenous population for over seventeen hundred (1700) years.

Eastern European Zionist so-called Jews of Khazar historic ancestry never had an ancestor who set a foot in the Holy Land in all Bible history. The so-called Zionist movement was organized in 1898, strictly a political movement, by eastern European so-called Jews, motivated by their frequent differences with Czarist regimes in Russia.

The Zionist movement was planned to win Christian support for "repatriation" of "God's chosen people" to their "Promised Land," their "ancient homeland," as their future Zionist sovereign state in Palestine. Eastern European Zionist so-called Jews of Khazar historic ancestry aimed to resurrect their ancient Khazar kingdom, of necessity not again in Russia, this time in Palestine.

The Jewish Encyclopedia confirms this undeniable historic fact, eastern European Zionist so-called Jews of Khazar ancestry, found today in all countries throughout the world, more than five million (5,000,000) in the United States alone, are descendants of an ancient Asiatic Mongoloid tribal nation of Turco-Finn ethnic origin, which invaded eastern Europe about the 1st century B.C. where these Khazars became converts from their pagan phallic worship, to their alleged religious faith, actually then as today Talmudism, in the 8th century A.D.

Space here will permit only a brief quotation from Volume IV, pages 1-5, in the Jewish Encyclopedia, establishing the historic, ethnic and spiritual background of eastern European Zionist so-called Jews of Khazar historic ancestry throughout the world, heirs today to Khazar traditions:

**"KHAZARS: A PEOPLE OF TURKISH ORIGIN WHOSE LIFE AND HISTORY ARE INTERWOVEN WITH THE VERY BEGINNING OF THE HISTORY OF THE JEW OF RUSSIA... DRIVEN ON BY THE NOMADIC TRIBES OF THE STEPPES AND BY THEIR OWN DESIRE FOR PLUNDER AND REVENGE... IN THE SECOND HALF OF THE SIXTH CENTURY THE KHAZARS MOVED WESTWARD... THE KINGDOM OF THE KHAZARS WAS FIRMLY ESTABLISHED IN MOST OF SOUTH RUSSIA LONG BEFORE THE FOUNDATION OF THE RUSSIAN MONARCHY BY THE VARANGIANS (855)... AT THIS TIME THE KINGDOM OF THE KHAZARS STOOD AT THE HEIGHT OF ITS POWER AND WAS CONSTANTLY AT WAR... AT THE END OF THE EIGHTH CENTURY... THE KING OF THE KHAZARS AND HIS GRANDEES, TOGETHER WITH A LARGE NUMBER OF HEATHEN PEOPLE, EMBRACED THE JEWISH RELIGION... ABOUT THE NINTH CENTURY IT APPEARS AS IF ALL THE KHAZARS WERE JEWS AND THAT THEY HAD BEEN CONVERTED TO JUDAISM ONLY A SHORT TIME BEFORE... THE PEOPLE WERE INSTRUCTED IN THE BIBLE, THE MISHNA AND THE TALMUD... THE RUSSIAN VARANGIANS ESTABLISHED THEMSELVES AT KIEV... AFTER A HARD FIGHT THE RUSSIANS CONQUERED THE KHAZARS... MANY EMIGRATED TO SPAIN... SOME WENT TO HUNGARY... BUT THE GREAT MASS OF THE PEOPLE REMAINED IN THEIR NATIVE COUNTRY..."**

The greatest authority on the origin of the Khazars, also the emergence of their Khazar kingdom as the greatest power in Europe, and on the disappearance of the Khazar kingdom from European history, is the venerated Professor H. Graetz, himself an eastern European so-called Jew of Khazar historic ancestry. In Professor Graetz's classic work on the subject, "History of the Jews," on page 141, Professor Graetz explodes the hoax that eastern European so-called Jews of Khazar historic ancestry, found throughout the world, ever were or now are "God's chosen people." Only very few sentences can be quoted here at this time owing to the limited space available:

**"THE KHAZARS PROFESSED A COARSE RELIGION WHICH WAS COMBINED WITH SENSUALITY AND LEWDNESS... AFTER OBADIA CAME A LONG SERIES OF JEWISH RULERS, FOR ACCORDING TO A FUNDAMENTAL LAW OF THE STATE ONLY JEWISH RULERS WERE PERMITTED TO ASCEND THE THRONE... FOR SOME TIME THE JEWS OF OTHER COUNTRIES HAD NO KNOWLEDGE OF THE CONVERSION OF THIS POWERFUL KINGDOM TO JUDAISM, AND WHEN AT LAST A VAGUE RUMOR TO THIS EFFECT REACHED THEM, THEY WERE OF THE OPINION THAT KHAZARIA WAS PEOPLED BY THE REMNANT OF THE FORMER TEN TRIBES."**

Palestine was recognized in 1919 as an autonomous independent sovereign state by all the nations of the world assembled in Paris for the Versailles Peace Conference. At that time and for the very same purpose, recognition was then extended to Syria, the Iraq, Lebanon, Saudi Arabia, the Kingdom of Yemen and Trans-Jordan as autonomous independent sovereign states. All of these, with the single exception of Palestine, have continued their existence since 1919 as autonomous independent sovereign states, and they are all now members of United Nations, with the exception of Palestine.

The "delegation" of Zionists to the Versailles Peace Conference in Paris, called the fact to Great Britain's attention, that Zionists in the United States had performed their obligation under the notorious 1916 London Agreement, and Zionists demanded Great Britain to perform their reciprocal obligation. The Zionist "delegation" to the Versailles Peace Conference kept driving

Great Britain to immediately take what steps were then necessary to turn over Palestine to Zionists for their future Zionist sovereign state, avoiding double-crossing.

The Zionist "delegation" to the Versailles Peace Conference in Paris in 1919 demanded that Great Britain turn over Palestine to them then and there, as Great Britain unconditionally agreed to do under their notorious 1916 London Agreement.

The Germans learned for the first time of the existence of the notorious 1916 London Agreement at the Versailles Peace Conference in Paris in 1919. The Germans learned there in 1919 for the first time why Germany's 1916 victory over Great Britain was suddenly transformed into Germany's 1918 ignominious defeat by the unexpected entry of United States into World War I, Great Britain's new ally, on April 6, 1917.

At the Versailles Peace Conference in Paris in 1919, the Ottoman Empire was treated as a defeated ally in World War I of a defeated Germany. Great Britain was determined to slice the Middle East into seven small and weak autonomous independent sovereign states. Great Britain forced upon the Middle East the historic British foreign policy to try to "divide and rule."

The Zionist "delegation" to the Versailles Peace Conference in Paris in 1919 claimed one hundred and seventeen (117) Zionist "delegates," from countries throughout the world. The Zionist "delegation" to the Versailles Peace Conference in Paris in 1919 was largest of all "delegations" there. Bernard M. Baruch headed the Zionist "delegation," and served with distinction, representing Zionists of the United States.

Bernard Baruch was President Woodrow Wilson's most trusted and his most constant counselor. Bernard Baruch master-minded the 1912 National Democratic Committee, electing Woodrow Wilson the President of the United States to his amazement, and the nation's, for which President Wilson always gave Bernard Baruch the full credit.

The Zionists "delegation" to the Versailles Peace Conference in Paris in 1919 dragged in the infamous so-called Balfour Declaration, to amplify Zionists claim to Palestine under the 1916 London Agreement. That infamous so-called Balfour Declaration was a letter addressed to Lord Rothschild in London by Arthur Balfour in his official capacity as Great Britain's Minister for Foreign Affairs, and was written under the following questionable circumstances, forever to Great Britain's shame.

After the entry of the United States into World War I as Great Britain's ally, on April 6, 1917, Zionist leaders in London and Washington had reason to suspect Great Britain might not honor Great Britain's reciprocal obligation, to hand over Palestine to Zionists for their future sovereign state, after the termination of World War I, with good reason to suspect them.

In 1915 Great Britain had unconditionally pledged liberation to the Middle East, totally from the Ottoman Empire, after termination of World War I, as consideration for Middle East assistance in the defense of the Suez Canal in 1915, threatened at that time by advancing Turkish forces. Zionist leaders in London and Washington were informed in 1915 of Great Britain's 1915 pledge, total independence for the Middle East, a year before the Zionists ever proposed their notorious 1916 London Agreement, to the British War Cabinet.

Zionist leaders in London and Washington no longer trusted Great Britain to hand over Palestine to them after the termination of World War I, for their future Zionist sovereign state, without complications arising from Great Britain's 1915 pledge, to recognize Middle East independence from the Ottoman Empire, after the termination of World War I. But complications arose.

After the entry of the United States into World War I as Great Britain's ally on April 6, 1917, Zionist leaders in London and Washington obtained their communica-
